

Bear Construction Co.
1501 Rohlwing Road
Rolling Meadows, IL 60008

George-

I would like to take this opportunity to write about the recently completed office Suite 230 at our Gleacher Center downtown location.

From bid-to-completion, the Bear Group provided professional services that were very impressive. The Bear team of Bill Ziemek, Mike Colliander and Dennis (site foreman) delivered what they promised on every single aspect of the project. These gentlemen were outstanding!!!

The communication was constant, timely and accurate. The workmanship is of high quality and the job was done on schedule and budget.

It was a pleasure to work with Bear because they were interested in getting the project done to the Owner's designed expectation. There was never a call from Bill, Mike or Dennis that described a problem without a solution or a question that didn't have a recommendation to do something better.

If you know how difficult we can be as a client, then you should know equally how much we appreciate the smooth process that Bear delivered.

We applaud your efforts and we thank you. We welcome the chance to work with you in the future and would recommend your services to any group here on campus. Bear is on our very short list of reliable and quality service providers.

Thank you

Tony
