Mr. Scott Kurinsky  
Bear Construction  
1501 Rohlwing Road  
Rolling Meadows, IL 60008

Dear Scott,

This is a very long overdue thank you to you and Bear Construction for the service provided by you and your company. In the 7+ years we have been working together we have had a wide range of projects from a new sink installation to a 24,000 RSF full floor build out with a completely unreasonable project schedule. The service and end product has been consistent each and every time.

Scott, you are one of the most responsive vendors I have dealt with and the most responsive from a General Contactor standpoint. As a Project Executive you are a rare commodity in that you are working on the project. Whenever I tell and Landlord that my GC is Bear Construction and Scott Kurinsky is my contact I get the same response every time – We love having Bear Construction work on our building. You are very customer focused and respectful of the client and the landlord. As an absentee Project Manager I have leaned on your and Dave Cross your foreman heavily. You have been my eyes and ear on the ground and provided unsurpassed customer service.

In all my years of working with you I have never heard from you “that can’t be done” or “that is not in the project scope”. You always respond “we can do it”. Your first concern is what do you need, when do you need it?

Once again I want to thank you for all you have done for Wells Fargo. You are a very good partner.

Sincerely,

A handwritten signature in cursive script that reads "Ann V. Fincham".

Ann V. Fincham  
Senior Project Manager
